## Certificate of Materials Compliance - The Packaging and Packaging Waste Regulation (PPWR)

Arista Networks, Inc. declares that the product packaging specified in Appendix A of this document have been designed and manufactured in compliance with the following directives:

- The Packaging and Packaging Waste Regulation (PPWR)

Compliance with these regulations has been verified using internal design controls, supplier declarations, and/or test data in accordance with clause 4.3 of standard IEC 63000, which includes internal design controls, data from supplier declarations and/or material disclosures. Arista Networks possesses the technical documentation relating to this declaration of compliance.

We partner with a third party data collection service, Q-Point. Q-point collects RoHS/REACH/FMD Data from our suppliers. The compliance status of our products listed in Appendix A are rolled up using the data collected by Q-Point.

Steven Fischback  
Packaging Manager
