

Arista Networks announces the upcoming end of sale for the 2700W DC Power supplies. The product part numbers covered by this announcement are listed below in Table 1. The last day to order the affected products is July 19th 2018.

Customers with active support contracts for 7300X and 7500E Series systems with the 2700W DC Power supplies installed will continue to receive support from Arista TAC (Technical Assistance Center) as long as the 7300X Series and 7500E systems remain covered under a support contract.

Migration Options

Customers are encouraged to consider migrating to the 7300X Series and 7500E Series with the 3kW DC power supplies modules, which deliver higher output power and are more efficient. The 3kW DC power supplies have been available since 2015 and are offered on the 7320X and 7500R Series.
