Description:

This is to notify Arista Networks customers that Arista EOS version 4.24 and later will not support products listed above from the 7150S and 7150SC Series. The products affected will continue to receive TAC support and software bug fixes with supported EOS versions through end of support of respective software release trains.

EOS releases up to and including EOS 4.23 releases will continue to be supported on the above products. To support the 7150 series of platforms through the product life cycle as documented in this end of sale notice, software bug fixes and support for the EOS 4.23 release train is extended only for the 7150 series until December 1st, 2023, whereas TAC only support for 7150 series is extended until Dec, 1st 2024.
