Date: December 10, 2020

Products Affected:

- DCS-7050QX-32

Description:

This is to notify Arista Networks customers that Arista EOS version 4.25 and later will not support the 7050QX-32 platform. This platform requires the EOS-2GB variant of EOS which will no longer be available in 4.25 and later release trains. The product affected will continue to receive TAC support and software bug fixes with supported EOS versions through end of support.

The EOS-2GB variant of EOS will be available for all release trains up to and including the EOS-4.24 release train.
