

Arista Networks announces the upcoming end of sale of all DWDM 200G CFPX optical modules. Alternative products are available, and listed in the table below.

Migration Options

Customers are encouraged to plan a migration to the 7500R3 and 7800R3 Series 400G line cards with 400G ZR pluggable optics. The R3 Series 400G modules provide substantially greater performance with enhanced functionality. The 400G ZR support Coherent 400G services.
