Arista Networks announces the upcoming end of sale of the CFP2 200G DCO-A optical modules. Alternative products are available, and listed in the table below.

Migration Options

Customers are encouraged to plan a migration to the 7280R3 Series with 400G ports that leverage 400G ZR pluggable optics. The 7280R3 Series with 400G interfaces provide substantially greater performance with enhanced functionality. The 400G ZR support Coherent 400G services.
